

# CAN'T FIGHT THE MOONLIGHT

## Intro:

Under a lover's sky I'm gonna be with you  
And no one's gonna be around If you think that you won't fall  
Well just wait until 'till the sun goes down underneath the starlight, starlight  
There's a magical feeling so right it will steal your heart tonight

You can try to resist Try to hide from my kiss  
But you know but you know that you, can't fight the moonlight  
Deep in the dark you'll surrender your heart but you know, but you know  
That you, can't fight the moonlight, no-o you can't fight it  
It's gonna get to you're heart

There's no escaping love once a gentle breeze (once a gentle breeze)  
Sweeps it's spell upon your heart and no matter what you think  
It won't be to long (be too long) 'till you're in my arms  
Underneath the starlight, starlight we'll be lost in the rhythm so right  
It will steal your heart tonight

You can try to resist try to hide from my kiss  
But you know, but you know that you, can't fight the moonlight  
Deep in the dark you'll surrender your heart but you know, but you know  
That you, can't fight the moonlight, no-o you can't fight it  
No-o matter what you do the night is gonna get to you.
