

COPENHAGEN

Copenhagen it makes me feel so good.
Copenhagen the way I know it should.
Well I put a little chew in my mouth,
Go spittin' and a-slobberin' all around the house, that
Copenhagen, it makes me feel so good.

Well I took a chew just the other night and it made me feel just fine.
So I grabbed my honey baby and I pinched her ol' behind.
She said, "you better spit out that chewin' tobaccer
If you wanna kiss me on the big ol' smacker, that
Copenhagen, it makes me feel so good.

Copenhagen it makes me feel so good.
Copenhagen the way I know it should.
Well I put a little chew in my mouth,
Go hackin and gaggin all around the house, that
Copenhagen, it makes me feel so good.

Guitar solo: 17 measures

I was sittin' in a bar room and I took a little dip
Drinkin' beer and talkin' but I had no place to spit.
So I spit a stream out on the floor,
And the bouncer flung me out the door, that
Copenhagen, it makes me feel so good.

Copenhagen it makes me feel so good.
Copenhagen the way I know it should.
I put a little chew in my mouth,
Go spittin' and a-slobberin' all around the house, that
Copenhagen, it makes me feel so good.

It's a cure all too-
It cures fits, warts, freckles, coughs, colds, runny nose.
Guaranteed not to rip run or snag.
Makes conception a wonder and child birth a pleasure...
That's Copenhagen, it makes me feel so good
