

# NO ONE ELSE ON EARTH

## Intro: 8 measures

I've been a rock and I've got my fences I never let them down  
When it comes to love, I keep my senses I don't get kicked around  
I shivered once, you broke into my soul  
The damage is done now, I'm outta control **stop**  
How did you get to me?

No one else on earth, could ever hurt me break my heart the way you do  
No one else on earth, was ever worth it no one could love me like  
No one could love me like you

## Interlude: 4 measures

You can make me want you, anytime you want me to  
You're burnin' me alive  
I can't deny you even when I catch you  
Weavin' your weak alibis  
'Cause when the night falls, you make me forget  
Your love is killin' me and it ain't over yet  
How did you get to me?

No one else on earth, could ever hurt me break my heart the way you do  
No one else on earth, was ever worth it no one could love me like  
No one could love me like you
