

SQUEEZE ME IN

Intro: Guitar riff 1 2 3 4 then 8 measures

Honey, I know you got a good job; you're out there making all that dough
They keep you late working that overtime and I don't ever see you no more
I guess you're not checking your message machine seems like you're never in
But I've got a hunch if we can just do lunch I could get your attention again
Oh I know you've got your schedule and you're keeping it tight
You've got something going morning, noon and night
But I've got something here I think you're going to like
Honey, can you squeeze me in

Well whoever said it's a man's world don't know what he's talking about
You've got me working around the clock, honey trying to figure you out
I know time is money, but there's more to life honey
Than how much you can spend, you've got to make a little time for the good times
Honey can you squeeze me in **1 2 3 4, 2 2 3 4, 3 2 3 4, 4 STOP**

I've got it circled in red on the calendar; babe told me that tonight's the night
I got the champagne chilled got a gourmet meal soft music and candlelight
I try to get you on the phone I get stuck on hold I guess you keep getting side tracked
I been faxing you love notes all day long but you don't never fax me back
Well I know you've got your schedule and you're keeping it tight
You've got something going morning, noon and night
