

# **TAKE ME AS I AM**

## **Intro:**

**Baby, don't turn out the light I wanna see you look at me  
Whisper only truth tonight not just promises and empty fantasies**

**I don't need a bed of roses 'cause roses wither away  
All I really need is honesty  
From someone with a strong heart, a gentle hand  
Who'll take me as I am**

**Baby, I need for you to know just exactly how I feel  
Fiery passions come and go I'd trade a million pretty words for one touch that is real.**

**I don't need a bed of roses 'cause roses wither away  
All I really need is honesty  
From someone with a strong heart, a gentle hand  
Who'll take me as I am**

## **Guitar solo:**

**I don't need a bed of roses 'cause roses wither away  
All I really need is honesty  
From someone with a strong heart, a gentle hand  
Who'll take me as I am  
Oh yeah,  
From someone with a strong heart, a gentle hand who'll take me as I am**
