

TENNESSEE BIRDWALK

Intro: 4 measures

Take away the trees and the birds'll have to sit upon the ground, hum.

Take away their wings and the birds'll have to walk to get around.

And take away the birdbaths and dirty birds will soon be everywhere,

Take away their feathers and the birds'll walk around in underwear.

Take away their **(whistle)** and the birds'll have to whisper when they sing,

(chirp chirp)

Take away their common sense and they'll be headed southward in the spring.

Oh remember me my darling, when spring is in the air, (aah)

And the bald headed birds are whisperin' everywhere, (aah)

When you see them walking southward in their dirty underwear, (aah)

That's Tennessee bird walk.

Guitar solo

How about some trees so the birds won't have to sit upon the ground? hum

And how about some wings so the birds won't have to walk to get around?

And how about a birdbath or two so the birds'll all be clean?

And how about some feathers so their underwear no longer will be seen?

How about a little **(whistle)** so the birds won't have to whisper when they sing,

(chirp chirp)

And how about some common sense so they won't be blockin' traffic in the spring.

Oh remember me my darling, when spring is in the air, (aah)

And the bald headed birds are whisperin' everywhere, (aah)

When you see them walking southward in their dirty underwear, (aah)

That's Tennessee Birdwalk..... **(chirp chirp)**

That's Tennessee Birdwalk..... **(chirp chirp)**

That's Tennessee Birdwalk..... **(chirp chirp)**
