

# WHEN IT RAINS

**Intro: (guitar only) 1 2 3 4, (add bass & piano) 2 2 3 (drums start with vocals)**

When it rains I pour a couple more rounds  
'Til the hurtin' and the heartache start to drown  
I turn out the light, I turn up Dwight  
And I lock my door when it rains  
When it rains 2 3 stop I pour

When life ain't going my way  
And I can't take one more day of gray  
Hey hey it's ok  
I don't need a dose of Dr. Phil  
I don't need your make it all better pill  
When I'm low  
Don't you know, don't you know

When it rains I pour a couple more rounds  
'Til the hurtin' and the heartache start to drown  
I turn out the light, I turn up Dwight  
And I lock my door when it rains  
When it rains 2 3 stop I pour

**Interlude: 8 measures**

I don't have to have a girl's night out  
Or runaround with a rowdy crowd to get down  
Whiskey bent and hell bound  
When I feel like I ain't got a friend  
I just call on my old buddy Jim again  
And again I like him

When it rains I pour a couple more rounds  
'Til the hurtin' and the heartache start to drown  
I turn out stop the light, I I I turn up Dwight I I I  
And I lock my door when it rains  
When it rains I pour  
Oh don't you know  
When it rains, when it rains  
2 3 stop I pour
